

Roman standard

This is the top of a Roman Legion's Standard.

The standard showed which part of the army they belonged to. It represented them, and would be held aloft when they marched into battle.

It recorded significant events in the legion's history.

Either

Design a standard for your class. You might want to include the St Luke's badge and a starling or goldcrest.

You could include things like favourite sports, colours or activities you've enjoyed.

Or

Design a standard about you. Include things that say something about you, perhaps hobbies and other activities you enjoy doing, a representation of Bournemouth or where you live, favourite sports, books or songs.

Of course, you could do both and if you have the resources make an actual standard!
